Color your way into Vai — one letter at a time!

Vai is spoken by more than 100,000 people in Liberia and Sierra Leone, and has its own West African script. This big, friendly coloring book introduces young children to **56 syllables** of Vai **through English** — no Vai needed at home.

- ✓ **Every letter on its own page** — a giant letter to color, its name in Vai *and* English letters
- ✓ **Easy English sound guides** plus the whole row of the Vai chart for every syllable (ba sits between bi and bɔ)
- ✓ **A word and picture for every letter**: *VAH*-ee Vai, *bah* the syllable ba…
- ✓ **Pencil tracing rows** and a warm-up page for every part of the alphabet
- ✓ **Map to color**, Vai numbers ꘠–꘩, first phrases and a certificate
- ✓ **Single-sided coloring pages** so markers never ruin the next picture

The Allamahul Bayan Series takes its name from Surah Ar-Raḥmān: *"He taught him clear expression"* (55:4). Each book helps children thank Allah for the gift of language by meeting a new one — its letters, its sounds and the people who speak it.
