Color your way into Nahuatl — one letter at a time!

Nahuatl, the language that gave English the words tomato, avocado and chocolate, is spoken by about 1.7 million people in Mexico. This big, friendly coloring book introduces young children to **19 letters** of Nahuatl **through English** — no Nahuatl needed at home.

- ✓ **Every letter on its own page** — a giant letter to color, its name in Nahuatl *and* English letters
- ✓ **Easy English sound guides** plus each letter's Nahuatl name (A «a», Ch «cha», Tl «tla»...)
- ✓ **A word and picture for every letter**: tomatl *TOH-mahtl* tomato, xochitl *SHOH-cheetl* flower...
- ✓ **Pencil tracing rows** and a warm-up page for every part of the alphabet
- ✓ **Map to color**, Nahuatl numbers 0–9, first phrases and a certificate
- ✓ **Single-sided coloring pages** so markers never ruin the next picture

The Allamahul Bayan Series takes its name from Surah Ar-Raḥmān: *"He taught him clear expression"* (55:4). Each book helps children thank Allah for the gift of language by meeting a new one — its letters, its sounds and the people who speak it.
