Color your way into Mapudungun — one letter at a time!

Mapudungun, the language of the Mapuche people, is spoken by about 250,000 people in Chile and Argentina. This big, friendly coloring book introduces young children to **24 letters** of Mapudungun **through English** — no Mapudungun needed at home.

- ✓ **Every letter on its own page** — a giant letter to color, its name in Mapudungun *and* English letters
- ✓ **Easy English sound guides** plus each letter's syllables with the six vowels (cha, che, chi, cho, chu, chü)
- ✓ **A word and picture for every letter**: antü *AN-tuh* sun, küyen *kuh-YEN* moon…
- ✓ **Pencil tracing rows** and a warm-up page for every part of the alphabet
- ✓ **Map to color**, Mapudungun numbers 0–9, first phrases and a certificate
- ✓ **Single-sided coloring pages** so markers never ruin the next picture

The Allamahul Bayan Series takes its name from Surah Ar-Raḥmān: *"He taught him clear expression"* (55:4). Each book helps children thank Allah for the gift of language by meeting a new one — its letters, its sounds and the people who speak it.
